

What is Cash Discount?

Cash Discount lets you enjoy the same profit margins on cash payments and non-cash payments! Check with your sales representative to see if cash discount is enabled on your account. Then, inform your customers of both cash and non-cash prices* using the included stickers.

*If only one price is posted, it must be the credit card price.

Before using these stickers, confirm you are properly set up for Cash Discount. If you are unsure or need to be enabled for the program contact your Sales Representative or Customer Care at 866.485.8999.

CUSTOMER NOTICE

ITEMS HAVE BOTH A CASH
& A NON-CASH PRICE.

PAY WITH CASH & SAVE!
